## ...Foreword...

Between the dim shades of the past and the  
bright light of the future lies the fleeting present.  
In this volume we wish to chronicle the activities  
of the past year and to preserve them for the  
future. . . . . . . . . . . . . . . . . .

## **...Class Prophecy...**

---

It has been our earnest wish to compile in this volume records concerning the achievements and activities of our school, which will be of interest to our classmates and our student contemporaries. Herein are recorded the attainments of our class both individually and collectively. These accomplishments are the foundation upon which our future fame and fortune is to rest. The rewards we shall reap from these attainments are in direct proportion to the amount of energy and enthusiasm which we have exerted. But in this fast-moving world of speed and electricity it is difficult to foretell where we shall be or what we shall be doing ten or twenty years hence. However judging from our past records, as set forth in this book it is quite reasonable to surmise that our class will progress far up the ladder of success.

During the last four years we have had greater and better opportunities to improve ourselves both mentally and physically than has the class of any preceding year.

We wish to thank our teachers and our community for these added advantages. We hope that in the future we shall be able to repay them by making a creditable record in the world. We also hope that the classes which follow us will have even greater opportunities.

### **... Class Will ...**

We, the Seniors of '34 wish to leave our place in the school to the class of '35. Of course in the due time this year's Juniors will take our place whether we will it to them or not but the spirit of giving leaves us such a joyus feeling that we are sure the Juniors won't begrudge us of this pleasure. We also will to them the honor of editing another Village Annual which we hope will be even better than this one. We hope, too, that they will be able to present a Class Play as we have done. In addition it pleases us to leave to them that certain ability which our class possessed for saying so much and accomplishing so little about a great deal at our class meetings. In closing, we wish them all the success that it is possible to have.

### DEBATE

The Upper Sandusky high school debate team was composed of six members, there being three affirmative and three negative speakers. There were no small schools who wished to take time for debating; therefore, no outside debates were held.

Friday, April 13, the team went to Heidelberg College, Tiffin, Ohio to debate with several northern Ohio school teams. A tournament was held in which twenty-four schools were enrolled. Upper Sandusky debaters made a fine showing in the tournament. They went through the debates in a splendid manner and were not eliminated until next to the last debate which was with Osborn High School. As a school they won five out of six debates and as separate affirmative and negative teams they won five out of nine. The teams which Upper debated had outside debates this year and were better prepared for the tournament than were our debaters. One of the schools which they won from was Melmore which had eight victories to their credit. The two teams debated in the following order:

Negative—Mettmore, Upper Won; Troy, Troy Won; Clay, Toledo, Clay Won; Bettsville, Upper Won; Melmore, Upper Won.

Affirmative—Bloomville, Bloomville Won; Old Fort, Upper Won; Fostoria, Upper Won; Osborn, Osborn Won.

The question for this debate was: RESOLVED: That the United States adopt the essential features of the British system of radio operation and control. The team was coached on the question by Mr. L. H. Houpt. The debaters were the guest of Heidelberg College and received their meals in the dining halls of the college.

Annabelle Scheck, who was to have been third affirmative speaker, had to give up her work because of ill health. We were very fortunate in securing Jean Pagnard for her place on such short notice. The members of the teams this year were:

Negative—Blanch Cross, Captain; Paul Cowgill; Dorothy Boes.

Affirmative—Louise Witzel, Captain; Charles Reiser; Jean Pagnard.

The team this year upheld the record established by debaters of the last fourteen years. These debaters have won all home floor debates and seventy-five per cent of those away from home. The debaters of this year wish to take this opportunity to thank Mr. Houpt for his untiring effort in coaching the teams.

### PUBLIC SPEAKING

This year the Public Speaking class was instructed by Mr. Moore. Under his able guidance each member of the class has memorized about twenty poems and has acquired a great deal of other worth-while knowledge. Through the selections that Mr. Moore has chosen for study we have been taught to appreciate life. This type of training teaches us to express our ideas more clearly and hence increases our chances of achieving success in later life.

We feel that the above students, deserve honorable mention for the creditable work they have done during high school. Their grade averages for the past four years have been ninety per cent or more. Besides their regular high school work each of the students have taken an active part in extra curricular activities. Much credit is also due their teachers who have guided them and encouraged them to do their best.

The Phonetic Writers' Club is an outgrowth of the curricular work of the commercial department. It was formed to give students sound ideas of the duties to be performed that are socially desirable in the commercial occupations for which they are being trained, and to teach them a fair understanding of "Business relationships."

Shortly after school began we eagerly resumed our G. R. activities with the annual gypsy hike.

Events of especial interest on the program this year were: the Christmas party for the children at the school auditorium, the play, "The Only Girl in Sight" given in November, the church service at the Trinity Evangelical Church in March, and the banquet in April for our parents.

The Girl Reserves are endeavoring to raise the morals and standards among the girls. The slogan we have adopted is "To Face Life Squarely" and our purpose is "To Find and Give the Best."

### STATE SCHOLARSHIP GROUP

The persons whose pictures appear on the opposite page represented our school in the scholarship tests held at Bowling Green on May 5, 1934. Tests were taken in the following order.

Chemistry—Harold Halbedel, Nelda Veith.  
General Science—John Cram, Robert Robey.  
Physics—Charles Rieser, Robert Bolish.  
Algebra I—Rita Stephan, Georgia Richardson.  
Plane Geometry—Janet Osborn, Marion Shambaugh.  
American History—Katharine Bowman, Janet Berg.  
World History—Annabelle Scheck, Esther Kuhn.  
Latin I—Hilda Householder, George Rieser.

English IX—Dorothy Kuhn, Muriel Withrow.  
English X—Betty Leser, Martha Bowman.  
English XI—Laurel Spitler, Lucille Hehr.  
English XII—Gwendolyn Eatherton, Gladys Roth.

The Upper Sandusky High School has had a very fine record in these scholastic tests.

In 1930 the team placed second in the district and tied fifth place in the state.  
In 1931 the team placed fourth in the district.  
In 1932 the team placed first in the district and fifth place in the state.  
In 1933 the team placed fourth in the district and ninth place in the state.

"JOEY" DENMAN  
Mascot

The musical organizations of the high school have had a very successful year. Most of this success is due to their instructor, Homer E. Huffman.

You need but hear our musical organizations perform to be convinced of the ability these students possess. They have learned many new points to be stressed in music, and have done their best to abide by them.

The Operetta, presented March 9, by the glee clubs and chorus, was a great success.

The annual musical was held April 17, 1934, at the high school auditorium.

The girls glee club went to Crestline, April 27, 1934, and participated in a musical festival.

The annual band festival was held April 28, 1934. The usual bands participated. Prof. Eugene Weigle, from Ohio State University, was the critic.

We, the musical organizations of our school wish to express our appreciation to Mr. Huffman for his efforts put forth to make the organizations a great success.

The departing seniors extend best wishes to the organizations for continued success in the future.

### THE STORY

An American yachting party stops in Beaufleur, where an annual flower festival is in progress. The Duke of Beaujolais, ruler of the Isle, with Countess Marie, his betrothed, gives the visitors a cordial welcome, and arranges a garden party in their honor.

Larry and Tony, of the American party, find Yvonne and Susette, pretty village girls so attractive that they rather neglect their traveling companions, Phillis and Belle; Bender, host of the American party, quite captivates the Countess, the Duke is much attracted by Aunt Sarah; and even Harkins, the serious English valet, surrenders to the charms of Fantine, the Countess's maid.

Act II finds the garden party, which has taken the form of a masquerade, in full swing. Phillis and Belle have exchanged costumes with Yvonne and Susette, a transaction which subsequently involves Tony and Larry in considerable difficulty through their mistaking Phillis and Belle for the village girls, with disconcerting results. Aunt Sarah has been prevailed upon to add to the confusion by exchanging apparel with the Countess, who soon makes it clear that she has no intention of allowing anybody but herself to become the Duchess of Beaujolais.

As Aunt Sarah has no aspirations in that direction, it turns out a simple matter to so commit the unsuspecting Duke that he finds it advisable to make the best of matters as they are. Larry and Tony win forgiveness from Phillis and Belle, and all ends in the best of good feeling.

# PROGRESS

There are few fields where the necessity for progress—the demand for new ideas, is as pronounced as in the production of School Annuals. ♦ Here in Canton we take pride in not only keeping pace, but in setting the pace for innovations and changes in this highly progressive field. ♦ When you work with Canton you are hand in hand with experienced people, constantly on the alert to sense the wants of Annual publishers, and quick to change from the old order, and offer new and unusual ideas to progressive editors.

**THE CANTON ENGRAVING & ELECTROTYPE CO., CANTON, OHIO**  
ATTRACTIVE ANNUALS • WITHIN THEIR BUDGETS

In the production of the Indian Village Annual for 1934 we have tried to put into printed form the inspirations and activities reflected through the manuscript prepared by the Annual staff under direction of the faculty advisor.

Since the book this year is an especially good one it must be remembered that it is representative of the Staff that had it in charge, the school that furnished the background, and the community that gave the enterprise a loyal support. While some communities have been backward about sponsoring their school annual, Upper Sandusky has joined in enthusiastic co-operation to make this book the success it is.

We have felt it a pleasure to do our part in this book; it is always a pleasure to be helpful in making real the wishes of those who have printing to do.
